WELCOME TO THE LEGISLATIVE PROCESS

Welcome to that part of Annual Conference when we consider and adopt or reject legislation for the Annual Conference and legislation intended for the 2016 General Conference of The United Methodist Church. Individuals within the Annual Conference have submitted the legislative petitions you see here.

The petitions fell into three categories:

- **Action Requests** (AR, petitions that request the Annual Conference to take a particular action),
- **Standing Resolutions** (SR, petitions that request that the Annual Conference take a particular social stand), and
- **General Conference Petitions** (GC, petitions that the Annual Conference will recommend to the 2016 General Conference).

Those petitions went first through a development process before being considered by the Legislative Assembly (LA), a representative and diverse gathering of 24 people who voted whether or not to recommend amendment or adoption of the petitions by the Annual Conference. When 90% or more voted to recommend, or to not recommend, a petition, it could be placed on a Consent Calendar (CC), if it was not a new Standing Resolution and if it did not have budgetary implications for the Annual Conference.

After petitions were considered by the Legislative Assembly, they were assembled for your consideration at Annual Conference. Petitions have been renumbered since they came before the Legislative Assembly so that the numbers will reflect the order in which we will consider them at Annual Conference. That means that all petitions that are on Consent Calendars are listed first, followed by petitions that will come before the Annual Conference individually for amendment, adoption or defeat. When you look at the individual petitions in this packet, you will see the number of the petition, who brought it to the Annual Conference, and contact information for the spokesperson. Below that, a **line in RED** will tell you the vote of the Legislative Assembly, while a notation in **yellow highlight will tell you that the Legislative Assembly voted to amend the initial petition**. In both the original petition and in the amendments proposed by the Legislative Assembly, ~~strike through~~ will indicate material that is to be deleted, while **bold lettering indicated material that is proposed to be added**.

There are four Consent Calendars. Three of them, the Action Request Consent Calendar, the General Conference Consent Calendar, and the Standing Resolution Defeat Consent Calendar, require a Majority Vote to adopt, or to defeat, the items on each of those Consent Calendars. The other, the Standing Resolutions Consent Calendar, requires a 2/3 vote, because Standing Resolutions, representing the voice of the Annual Conference on social issues, all require a 2/3 vote. If you think any petition should be removed from a consent calendar, you can do that if you ask for a vote and 40 people support your request. Note that you must do this BEFORE that consent calendar is voted upon. There will be a time in the Consent process when you can bring a request to remove an item from a Consent Calendar.

There is a lot of material here. We will deal with it most easily if you take the time to read and think about the legislation before we consider it. Thank you for your preparation and for your participation in our legislative process.

– Jeanne Knepper and Warren Light, Legislative Coordinators

12 Since the mid 20th century Native Peoples have experienced devastating displacement due to dam building on
13 the Columbia River. The losses inflicted on tribal groups (most notable the famed Celilo Falls fishing site
14 flooded by the massive Dalles Dam construction) are astonishing and can never be fully rectified. Fishing
15 communities, men, women, children, grandchildren continue to uphold ancient sustainable fishing practices in
16 harmony with their cultural beliefs and with maintaining a vibrant eco-system. Sadly, an ongoing disregard of
17 treaties and promises made to compensate people for the loss of their land and homes continues and is
18 evident by the substandard living conditions for these fishing communities. The U.S. government along with the
19 Army Corp of Engineers has repeatedly underfunded and pushed aside this promised housing compensation.
20 We believe that we as a country are collectively responsible for the injustices perpetrated upon First Nations
21 Peoples. Therefore, institutions such as the United Methodist Church, can be a resource for addressing broken
22 promises.

23 Author, Roberta Ulrich, has written extensively on this subject in her book, *Empty Nets*, as well as in a
24 recent editorial to *The Oregonian* newspaper of Nov. 16, 2014. She stated, "Congress should introduce
25 legislation providing authorization and money allowing the Corp to finish righting this decades-old wrong."
26

27 We propose that the Annual Conference petition our representatives and senators of the U.S. Congress
28 toward this end. We believe that this can be a step forward toward the "Act of Repentance Toward Indigenous
29 Peoples" put in place by the Church and continuing now and in the future.
30

31 **SUPPORTING INFORMATION**

32 **What will this action accomplish?**

33 Let our elected representatives know that upholding treaty rights and promises made with Native
34 Peoples is a moral and ethical issue that people of faith uphold.

35 **Why is it important?**

36 Social justice was paramount for Jesus in his ministry. He was a tribal man himself working amid the fishing
37 culture of his homeland. John Wesley carried forth this emphasis for justice.

38 **How will it be carried out? By whom?**

39 A letter has been drafted and reviewed by the Committee On Native American Ministries and the Wilshire
40 United Methodist Native American Fellowship. We will refer this letter to the Conference Secretary for
41 the purpose of petitioning our U.S. representatives and senators.

1 E. Financial Aid for Study/Travel Leave or Renewal Leave

2 I. Financial aid is available for study/travel aid which is intended to benefit the clergy person's
3 ministry. Applicants must be ordained clergy who have been a member in full connection for six (6)
4 years or an associate member of the annual conference for eight (8) years. Study/travel leave may be
5 up to three (3) months long, but leave beyond two months will be considered as vacation.

6 The full salary of the candidate for the three-month period shall be paid by the local church or
7 institution being served. MEF funds shall provide the candidate a stipend for tuition or travel in the
8 amount of up to \$1,250. MEF funds may also pay the cost of supplying an interim minister in the
9 clergy person's absence, up to \$1250 per month for two months, based on the local need. The third
10 month is considered vacation and the responsibility of the local church. The selection of an interim
11 minister and housing is the responsibility of the clergy person, local congregation and the District
12 Superintendent. (The Board of Ordained Ministry has guidelines for the use of the parsonage or the
13 pastor's own home.)

14
15 To apply for financial assistance for study/travel leave:

16 The applicant should make a written application to BOM through its Scholarship Officer,
17 which includes a description of the study or travel program and your goals.

18 The applicant should obtain written approval of both the Cabinet (through the applicant's
19 District Superintendent) and the local church through action by the Church Council (or equivalent).

20 The education and renewal value of the programs and years of service in the Oregon- Idaho
21 Annual Conference will be considered in approving applications. Higher priority will be given to
22 applicants who have not previously received MEF assistance.

23
24 II. Through a special gift from the Oregon-Idaho Conference Board of Pensions, clergypersons may
25 apply for financial assistance for renewal leave. Renewal leave is intended to foster clergy well-being
26 and longevity in ministry. Applicants must be ordained clergy who have been a member in full
27 connection for six (6) years or an associate member of the annual conference for eight (8) years.

28
29 The financial assistance for renewal leave may be used to support the applicant's travel expenses or
30 the expenses of the church for supplying interim pastoral leadership. The maximum grant for leave is
31 \$1,000, except in extenuating circumstances of leave longer than one month, and then only at the
32 request of the District Superintendent. Unlike the study/travel leave grants, there is not an
33 expectation of continuing education/professional development being part of this leave. This is
34 intended to facilitate and support clergy well-being.

35
36 To apply for financial assistance for renewal leave:

37 Applicants should send written application, including plans for the leave and how the funds
38 would be used, to the MEF Scholarship Officer.

39 The applicant's District Superintendent must also make written recommendation, including
40 reasons why renewal leave is needed.

9 ABSTAIN 0

11 I/We petition the Oregon-Idaho Annual conference to take the following action:

12 The Annual Conference will add to the list of Annual Conference Special Sundays (without offering) a
13 Pulpit Exchange Sunday. Pulpit Exchange Sunday will be ~~the second Sunday in February~~ next to the
14 ~~last Sunday after Epiphany~~ each year as "Pulpit Exchange Sunday." On this Sunday, each local
15 church is encouraged to arrange for its pastor to preach at a different congregation and another
16 church's pastor to preach at its service(s). In addition, as is possible, pastors should not simply trade
17 pulpits and should not go to the same church each year for this Sunday.
18

20 SUPPORTING INFORMATION

21
22 **What will this action accomplish?**

23 Pulpit Exchange Sunday will increase the number of clergy with whom church members have contact and
24 expose churches to different styles of preaching and worship leadership. It will increase the webs of contact
25 within our connection, revitalizing the connectional aspect of our polity in the Oregon-Idaho Conference.
26

27 **Why is it important?**

28 Our local churches do not exist in isolation, but as part of the "the connection"-a network of United Methodist
29 congregations, though we don't always think or act in those terms. Being more intentional about maintaining
30 and acting within the network and exposing ourselves and our churches to other aspects of the connection can
31 strengthen these ties.
32

33 **How will it be carried out? By whom?**

34 This is a voluntary activity carried out on a by each individual clergy person and congregation.
35

36 **How much will it cost? Where will the money come from?**

37 The cost to the Annual Conference will be nominal, only printing the resolution in the Journal and potentially
38 on conference calendars as a reminder of the Sunday.

12 13.060

13 The Conference Lay Leader may nominate a professing member of a United Methodist Church within the

18 request of the Conference Lay Leader, the Associate Conference Lay Leader is authorized to serve in the place
19 of the Conference Lay Leader.

20

21

SUPPORTING INFORMATION

22

23 **What will this action accomplish?**

24 Conference Rule 13.060 allows the addition of an Associate Conference Lay Leader. This revision clearly makes
25 the Associate Conference Lay Leader a Member of Annual Conference. Also in 13.060, the Associate
26 Conference Lay Leader is nominated by the Conference Lay Leader and ratified by the Board of Lay Ministry
27 and the Ministry Cabinet; the laity have no further voice in the selection. This revision allows a vote by laity.

28

29

30 **Why is it important?**

31 Making the Associate Conference Lay Leader a Member of Annual Conference aids the candidate in
32 understanding the duties of a Lay Member to Annual Conference and aids the Conference Secretary in
33 identifying laity roles in annual conference. Voting for an Associate Lay Leader gives a greater number of lay
34 members a voice in the selection.

35

36 **How will it be carried out? By whom?**

37 The Board of Lay Ministry will carry out this action.

38 [Be specific. Who will monitor the action? When? If the Conference Secretary is to write a letter, include the
39 appropriate contact information and the content of the letter.]

40

41 **How much will it cost? Where will the money come from?**

42 This action will be completed within the time and cost allowed for the Annual Conference Laity Session.

SUPPORTING INFORMATION

16
17 **What will this action accomplish?**

18
19 This action will affirm that the Oregon-Idaho Conference of the United Methodist Church formally supports the
20 Social Principles ¶164, A. which states

21
22 “The mistreatment or torture, and other cruel, inhumane, and degrading treatment or punishment of persons
23 by governments for any purpose violates Christian teaching and must be condemned and/ or opposed by
24 Christians and churches wherever and whenever it occurs.”

25
26 Christie, Reverend Neal; Childers, Reverend Doctor Clayton (2013-04-01). Social Principles of the United
27 Methodist Church 2013-2016

28
29 **Why is it important?**

30 The New York Times listed the release of the CIA special report on the use of torture by our military and by
31 others acting as agents of the military is one of the top stories of 2014. This confession made long after the
32 actions that were denied at the time serve to show that there are were apparently circumstances where some
33 leaders fill torture is justified. As Christians and Methodists, we avow that Jesus told us to “love our neighbor
34 as our self” Mark12:31 and even to “Love our enemies.” Luke 17:27. These teachings preclude using torture
35 under any circumstances.

36
37
38 **How will it be carried out? By whom?**

39 This resolution will be printed in the journal and will be available to anyone who wants to know our

12 **Text of the Standing Resolution as it would appear in the Conference Journal:**

13 **The Oregon-Idaho Annual Conference** continues to support the endeavor to close the
14 Western Hemispheric Institute for Security Cooperation (formerly School of the Americas or
15 SOA) located on the U.S. Army Base at Fort Benning, Georgia. The SOA trains Latin American
16 personnel in inhumane, oppressive tactics such as torture, assassination and kidnapping, to
17 control their populations. This resolution is consistent with the Social Principles P164(A),
18 which clearly oppose the kinds of actions taken by graduates of the Western Hemispheric
19 Institute for Security Cooperation (WHISC).

20 Congregations and individuals are encouraged to bring this matter to the attention of the
21 entire conference membership through appropriate action(s), including publicizing the issue
22 in conference, district and local newsletters, conducting education events and especially
23 expressing their will to the President and Members of Congress.

SUPPORTING INFORMATION

26 **What will this action accomplish?**

27 Congregations and individuals will increase awareness of this ongoing issue with the goal of
28 convincing the US government to close or fundamentally change the nature of the training
29 they offer to police and military personnel of allied countries.

31 **Why is it important?**

32 Each year, foreign soldiers and police officers from over 150 countries receive training from
33 the US government. This training is undertaken with minimal oversight and little assessment
34 of the effects of such instruction on human rights around the world.

35 The US Army School of the Americas (SOA) provided such training to soldiers from Latin
36 America from 1946 to 2000. Several graduates from the SOA returned to their home
37 countries and committed human rights abuses, including the murders of priests, women,
38 and children. In 1996, it was discovered that training manuals at the SOA advocated such
39 practices as torture, extortion, kidnapping, and execution. In response to these egregious
40 acts, The United Methodist Church called for the closing of the SOA in 2000. In 2001, under
41 pressure from advocacy groups, the name of the institution was changed to the Western

CONSENT CALENDAR SR 02

2015 OREGON-IDAHO ANNUAL CONFERENCE

1 Hemisphere Institute for Security Cooperation (WHINSEC) and the curriculum was reformed
2 to include more human rights and democracy training. However, no US army or government
3 officials have been held accountable for the development and use of training manuals
4 advocating practices in clear violation of domestic and international laws.

5 WHINSEC-SOA is symbolic of a much larger issue. It is one of many institutions providing
6 foreign military training in the US, most of which provide substantially less human rights
7 instruction than WHINSEC-SOA. Tens of thousands of students come to the US to study at
8 approximately 275 US military institutions. Tens of thousands more receive training from US
9 forces in their home countries. Time and again, the US has provided training to forces
10 directly responsible for human rights abuses, in countries such as Indonesia, East Timor,
11 Rwanda, and Colombia. Such training has helped to prop up large militaries that are often
12 used to suppress government opposition groups and thwart legitimate democratic activity —
13 all in the name of counter-insurgency or counter-terrorism. US military training of
14 Mujahideen forces in Afghanistan (which included Taliban forces) is but one example of how
15 the troops we train today may become the forces (or train the forces) we face tomorrow.
16 Such cases demonstrate how important it is that any US military training plans consider the
17 political realities and level of existing human rights protections in the host country. Being a
18 good neighbor does not mean providing bombs and sniper training to economically
19 depressed countries in Latin America. Our neighbors need humanitarian aid, civil society
20 support, and judicial reforms.

21

23 **How will it be carried out? By whom?**

24 Individuals, congregations and the conference Peace with Justice coordinator will advocate
25 with elected officials to carry out this reform.

15 When immigrants live in your land with you, you must not cheat them. Any immigrant who lives with

17 you were immigrants in the land of Egypt; I am the LORD your God. Lev.19: 33-34. (Common English

19 Rights of Immigrants – We recognize, embrace, and affirm all persons, regardless of country of origin,
20 as members of the family of God. We affirm the right of all persons to equal opportunities for
21 employment, access to housing, health care, education, and freedom from social discrimination. We

23 immigrants and to advocate for justice for all. Social Principles of The United Methodist Church 2013-
24 2016. ¶ 162.

25 We propose that the Oregon-Idaho Conference and its congregations intentionally seek relationships
26 with and stand in solidarity with immigrant sisters and brothers in our midst; call upon local, state,
27 and federal government bodies to enact comprehensive immigration reform so policies protect the
28 rights and well-being of all immigrants; and promote educational resources in local churches to

37

38 **Why is it important?**

39 As a nation, we are still awaiting comprehensive immigration reform that would recognize the
40 contributions made by immigrants living in our midst and offer them an opportunity to improve the
41 lives of their families. The Council of Bishops wrote a letter calling for immigration reform that
42 would:

14 We resolve to take positive action to curb emissions which ~~may~~ contribute to global

16 specifically our use of energy, creates emissions that ~~warm the planet~~ **affect the climate** and

18 We resolve to support the creation of laws and policies that will lead to decreases in the

3 will not have the impact of the corporate and government change that is vitally important as
4 soon as possible.
- 5 **How will it be carried out? By whom?**
6 All parts of this should be carried out by individuals and churches through their conscious
7 choices in resource and energy use and through their advocacy.
8
- 9 **How much will it cost? Where will the money come from?**
10 Advocacy actions will cost little or nothing.
11 Conservation measures will save money.

18
19 The plight of human trafficking is not only one of the world's most prevalent forms of criminal activity but
20 arguably the most degrading, preying on the most vulnerable members of society. Human trafficking is
21 defined by the United Nations as the recruitment, transportation, transfer, harboring or receipt of people,
22 either by threat, abduction, deception or abuse of power for the purpose of sexual or labor-related
23 exploitation. According to the U.S. Department of State Trafficking in Persons Report 2010, the number of
24 adults and children worldwide currently in forced labor, bonded labor and forced prostitution was 12.3
25 million people, with more people being victims of labor trafficking than of commercial sex trafficking.
26 However, women and children represent 80 percent of those affected.

27
28 The Oregon-Idaho Annual Conference of the United Methodist Church supports the abolition of the
29 Modern slave trade, or human trafficking as it is called now, that is happening worldwide, in the U.S. and
30 in Oregon and Idaho. Because our two states have major interstate highways intersecting north-south
31 (I-5) and east-west (I-84) with access to Pacific coastline ports, and need many agricultural and service
32 laborers, we are among the states highest in human trafficking.

33
34 The Oregon-Idaho Annual Conference of the United Methodist Church strongly urges all local churches to
35 participate in the 2009-2012 quadrennium study of "Abolition of Sex Trafficking," as approved and
36 recorded in the General Conference ~~2008~~ **2012** Book of Resolutions (Resolution 6023, p ~~723~~ **709**). Within
37 Methodism, both United Methodist Women/UMW and United Methodist Committee on Relief/UMCOR
38 have vibrant programs and projects that serve people in the U.S. and overseas who've survived human
39 trafficking.

14 O God, as Muslims, Jews and Christians, We acknowledge that thou hast made of one blood all the
15 nations of the earth. Thou dost love all of us as if all were but one, and dost care for each as if thou
16 hadst naught else to care for. Remembering such love, may we not weary in our efforts to fashion
17 out of our failures today, some great good for all thy people tomorrow. And not unto us O God, not
18 to us, but unto Thy name be the glory. *Written together by a Muslim, Jew & Christian.*

20 Peace is the absence of war, but beyond that, peace is a commodity unlike any other. Peace is
21 security. Peace is a mindset. Peace is a way of living. Peace is the capacity to transcend past hurts—
22 to break cycles of violence and forge new pathways that say, “I would like to make sure we live as a
23 community where there is justice, security, and development for all members.” At the end of the
24 day, peace is an investment; it is something you create, by investing in a way of life.

32 Oh, Great Spirit, whose voice I hear in the winds and whose breath gives life to all the world, I am
33 small and weak. I need your strength and wisdom.

34 Let me walk in beauty and make my eyes ever behold the red and purple sunset. Make my hands
35 respect the things you have made and ears sharp to hear your voice. Make me wise so that I may
36 understand the things you have taught my people. Let me learn the lessons you have hidden in every
37 leaf and rock.

38 I seek strength, not to be superior to my brother, but to fight my greatest enemy—myself. Make me
39 always ready to come to you with clean hands and straight eyes, so when life fades, as the fading
40 sunset, my spirit will come to you without shame. *Chief Yellow Lark (Lakota American Indian)*

17 An occupying power in a foreign territory is prohibited from moving its own population onto land
18 that it has occupied (Article 49, Geneva Convention IV). Communities created by such action and
19 established by an occupying power on occupied land are commonly referred to as "illegal
20 settlements."

21
22 A business operating in an illegal settlement pays taxes to the settlement and the occupying power
23 strengthening its economic base, taking advantage of land unlawfully seized from others, and is
24 complicit in the occupying power's violations of human rights and international law. For these
25 reasons, the UN Global Compact calls on companies to "make sure they are not complicit in human
26 rights abuses" ([unglobalcompact.org](http://www.unglobalcompact.org)). Companies operating in illegal settlements often exploit
27 resources in the occupied territories by mining, diverting water and polluting agricultural land. The
28 Hague Conventions of 1907 and the Fourth Geneva Convention clearly forbid exploitation of the
29 natural resources of an occupied people.

30 The United Methodist General Conference 2012 encouraged companies "to honor and promote
31 human rights and the dignity of human life consistent with the 10 principles of the United Nations
32 Global Compact" (<http://www.umc.org/what-we-believe/investment-ethics>). Further, the United
33 Methodist Book of Discipline discourages investment in companies "that directly or indirectly
34 support the violation of human rights" (2012 Book of Discipline of The United Methodist Church,
35 Para. 717). Our United Methodist Social Principles declare, "We denounce as immoral an ordering of

LEGISLATIVE ASSEMBLY RECOMMENDATION: YES 12, NO 9, ABSTAIN 3

We petition the Oregon-Idaho Annual Conference to take the following actions:

Direct that the Conference Treasurer/Benefits Officer, and the Northwest United Methodist Foundation, to the best of their abilities in consultation with the annual conference's Holy Land Task Force, divest all Oregon-Idaho Annual Conference funds from stock held in Caterpillar, Motorola Solutions, and Hewlett-Packard, and continue to exclude these companies from the Oregon-Idaho Annual Conference investments until these companies end their involvement with the illegal Israeli occupation of Palestine; and

Direct that the Conference Benefits Officer and the Executive Director of the Northwest United Methodist Foundation report to the 2016 Annual Conference on the Conference Benefits Officer and the Northwest United Methodist Foundation's response to this directive; and

Call for all Oregon-Idaho United Methodist boards and agencies, districts, local churches and individuals to prayerfully consider avoiding companies involved in Israel's occupation of Palestine when making investment decisions; and

Encourage United Methodists to partner with Jews, Christians, Muslims and other people of conscience working for corporate accountability, human rights, true peace and security for all people in Israel and Palestine, and an end to the Israeli occupation of Palestine.

SUPPORTING INFORMATION

What will this action accomplish? The United Methodist Church unequivocally affirms Israel's right to exist within internationally recognized borders, and to defend its security through all legal and moral means. Divestment is not aimed at Israel itself, but at the continued occupation of land beyond its internationally recognized borders.

Thirteen annual conferences (Baltimore-Washington, California-Nevada, California-Pacific, Detroit, Minnesota, New England, New York, Northern Illinois, Pacific Northwest, Rocky Mountain, Upper New York, Virginia, and West Ohio) have already passed divestment resolutions, as have other Protestant denominations (notably the Presbyterian Church in 2014). This action will demonstrate that we stand behind the principles of Social Justice in the United Methodist Social Principles and Resolutions. This

action is in keeping with our calling to stand with Christians across the world, including Palestinian Christians, who have urged Christians everywhere to put their actions behind their words and to support Boycotts, Divestment and Sanctions.

Why is it important? As Christians, we are called by Jesus to be peacemakers. The Jewish, Christian and Muslim communities affirm the teaching as summarized by Moses and quoted by Jesus, “‘Love the Lord your God with all your heart and with all your soul and with all your mind.’ This is the first and greatest commandment. And the second is like it, ‘Love your neighbor as yourself.’” (Matthew 22:37-40). We honor Micah’s call in the Old Testament to do justice, to love mercy and to walk humbly with our God, and we follow Christ’s call to love our neighbors as ourselves, by rejecting all violence and acts of provocation that lead to violence. All peoples have the right to security, and yet security for one people can never be achieved by denying security to others.

As Christians, we are called to be in fellowship with the body of Christ both near and far. The Christian leadership in Palestine and Israel have been working for years to (1) dissuade their people from using violence in response to oppression, and (2) finding effective non-violent means by which to achieve justice. They have asked us, as Christians, to take this step of divesting. Jesus calls us to be peacemakers and to use the instruments of peaceful persuasion. As United Methodists, we are called to support members of Christ’s church around the world, including Palestinian Christians who are being forced to leave the Holy Land, due to Israel’s confiscation of their property and the severe hardships of living under occupation. The United Methodist Church should not profit from the illegal Israeli occupation of Palestinian land, or from the confiscations and/or destruction of Palestinian homes, orchards and lives. We are committed to ensuring that our denomination’s finances are used in a manner consistent with Christ’s teaching, our beliefs, and international law.

The UMC Book of Discipline discourages investment in companies “that directly or indirectly support the violation of human rights.” ¶716) Palestinian human rights are violated by companies that sustain illegal settlements, segregated roads, checkpoints, the separation barrier, home demolitions and other realities of the occupation. **Caterpillar** provides Israel with militarized bulldozers and earth-moving equipment, which are used to uproot olive groves, demolish Palestinian homes, construct settlements and build segregated roads and the separation barrier. **Motorola Solutions** provides surveillance systems for Israeli settlements, military bases and the separation wall, as well as communication devices for the Israeli military. **Hewlett Packard** owns Electronic Data Systems, which provides biometric monitoring of checkpoints inside the West Bank. **HP** also provides data storage for settlements, and manages information technology for the Israeli Navy. United Methodists and our ecumenical partners have engaged these companies on this issue for ten years, with no meaningful response. Because of the failure of these companies to change their practices in response to our repeated advocacy, it is now time to divest from them. There may be other companies engaged in similarly unjust practices, but it will only be appropriate to divest from them after we have tried other means to work with them to change.

How will it be carried out? By whom? The Oregon-Idaho Holy Land Task Force will work with the General Board of Pension and Health Benefits, and the Northwest United Methodist Foundation to encourage boards and agencies, districts, local churches and individuals to review their investment portfolio with an eye to divesting from these and other companies that are profiting from the illegal Israeli occupation of Palestine. The Holy Land Task Force will further identify opportunities for individuals, congregations and districts to partner with those working for corporate accountability, human rights, true peace and security for all people in Israel and Palestine, and an end to the Israeli occupation of Palestine.

How much will it cost? Where will the money come from? The only expected cost will be the conference staff time required to carry out these actions. Annual Conferences who have already divested their conference held stock in these companies report no losses to their portfolios, and no accusations of fiduciary impropriety.

SUPPORTING INFORMATION

What will this action accomplish?

28 This will provide a truly independent voice within the workings of the pastor parish relations
29 committee where there is no "pastoral" relationship between this committee member and the
30 appointed or assigned ministerial leader in the church. This independent voice may be the calming
31 moderator when there is a tense relationship between the church and the clergy person, or may be
32 the necessary reality check when the rest of the committee is beholden to the clergy person. This
33 voice certainly brings an outside viewpoint into conversations that will broaden the perspective of
34 the committee.

Why is it important?

37 Our churches are working hard to think outside of long-standing paradigms. We need fresh
38 perspectives and new voices in the conversations. Within a local church context it may be difficult to
39 find that fresh perspective, particularly one that is willing and able to be a truly independent voice.

2 **How will it be carried out? By whom?**

3 Each district superintendent will need to be prepared to provide the name of someone to serve on
4 the pastor parish relations committee. The district superintendent may most easily find the names
5 of people willing to serve in other congregations in the same geographic area. This name should be
6 provided to each church prior to its charge conference. The person should have been contacted and
7 agreed to serve prior to being named to the charge conference. The chair of the church pastor parish

11 **How much will it cost? Where will the money come from?**

12 Direct and attributable monetary costs of this proposal will be nominal. District superintendents will

LEGISLATIVE ASSEMBLY RECOMMENDATION: AMEND IN YELLOW; YES 18, NO 6, ABSTAIN 0

I/We petition the Oregon-Idaho Annual conference to take the following action:
Conference Rule 2.041 will be amended by appending the following at the end of the current rule:
The Legislative Assembly will provide with any submission of a consent calendar to Annual Conference a full list of Legislative Assembly members present and voting, and appropriate information regarding **representative membership. each member to tabulate the following statistics regarding the Legislative Assembly: clergy status/ or lay, district, female/male, age group. If different members were present and voting for different action requests, then this information must be presented for each action request or petition.**

SUPPORTING INFORMATION

What will this action accomplish?

Conference Rule 2.024 provides for a consent calendar submitted to the plenary session of Annual Conference when 90 percent of the Legislative Assembly votes the same way on an action request and when the Legislative Assembly membership is “representative of the Annual Conference Membership.” Nothing in Conference Rules defines “representative” and no current information is available to determine if a Legislative Assembly was “representative”.

Why is it important?

We currently have no basis for determining whether consent calendar submitted by the Legislative Assembly are based on the action of an Assembly that was “representative of the Annual Conference.” Disclosure of this demographic information will provide a basis for determining the representative nature of the Assembly.

How will it be carried out? By whom?

Legislative Coordinators running the Legislative Assembly process will collect and tabulate this information for presentation as part of the report by Legislative Assembly to the Annual Conference.

12 Be it resolved that the Oregon-Idaho Annual Conference stand in support of tribal fishing families living and
13 working near The Dalles and John Day Dams. Since the mid 20th century Native Peoples have experienced
14 devastating displacement due to dam building on the Columbia River. The losses inflicted on tribal groups
15 (most notable the famed Celilo Falls fishing site flooded by the massive Dalles Dam construction) are
16 astonishing and can never be fully rectified. Fishing communities, men, women, children, grandchildren
17 continue to uphold ancient sustainable fishing practices in harmony with their cultural beliefs and with
18 maintaining a vibrant eco-system. Sadly, an ongoing disregard of treaties and promises made to compensate
19 people for the loss of their land and homes continues and is evident by the substandard living conditions for
20 these fishing communities. The U.S. government along with the Army Corp of Engineers has repeatedly
21 underfunded and pushed aside this promised housing compensation. We believe that we as a country are
22 collectively responsible for the injustices perpetrated upon First Nations Peoples. Therefore, institutions such
23 as the United Methodist Church, can be a resource for addressing broken promises.

24
25
26 Author, Roberta Ulrich, has written extensively on this subject in her book, *Empty Nets*, as well as in a
27 recent editorial to *The Oregonian* newspaper of Nov. 16, 2014. She stated, "Congress should introduce
28 legislation providing authorization and money allowing the Corp to finish righting this decades-old wrong."

29
30 We ask that members of the Annual Conference petition our representatives and senators of the U.S. Congress
31 toward this end. We believe that this can be a step forward toward the "Act of Repentance Toward Indigenous
32 Peoples" put in place by the Church and continuing now and in the future.

34 SUPPORTING INFORMATION

35 **What will this action accomplish?**

36 Let our elected representatives know that upholding treaty rights and promises made with Native
37 Peoples is a moral and ethical issue that people of faith uphold.

38 **Why is it important?**

39 Social justice was paramount for Jesus in his ministry. He was a tribal man himself working amid the fishing
40 culture of his homeland. John Wesley carried forth this emphasis for justice.

41 **How will it be carried out? By whom?**

13 REPAIR AND STRENGTHEN THE 1965 VOTING RIGHTS ACT

14 The Oregon-Idaho Annual Conference supports repairing the 1965 Voting Rights Act that was
15 decimated by the 2010 2013 U.S. Supreme Court *Shelby County v. Holder* decision. The weakened
16 Voting Rights Act has allowed many states to place barriers to voting, including strict voter ID laws
17 and residency requirements and prohibition of same-day registration. The voters most affected by
18 these obstacles are blacks and other racial minorities, the poor, the elderly and young people. This
19 must be changed. All U.S. citizens should have the right to vote without barriers.

20
21 **SUPPORTING INFORMATION**

22 **What will this action accomplish?**

23 Americans will begin to think about how to eliminate the barriers to voting and what options for voting could
24 be enacted, such as supporting a constitutional amendment explicitly granting the right to vote, or perhaps a
25 new Voting Rights Amendment Act that could repair this recent damage.

26
27 **Why is it important?**

28 Voting is a right for citizens in a democracy.

29
30 **How will it be carried out? By whom?**

31 [Be specific. Who will monitor the action? When? If the Conference Secretary is to write a letter, include the

8
9 LEGISLATIVE ASSEMBLY RECOMMENDATION: AS AMENDED, YES 20, NO 0, ABSTAIN 3

12 Text of the Standing Resolution as it would appear in the Conference Journal:

13 We call upon the churches of the United Methodist Oregon-Idaho Annual Conference to seek ways to
14 advocate for supporting peace efforts in the Middle East, involving our national elected leaders and
15 our Pentagon staff and State Department leaders and military contractors. United Methodists may
16 work in a supportive way by various actions--signing petitions, phoning our legislators, talking with
17 our national officials and with staff in their local offices, and participating in marches and vigils to
18 work for peace in the Middle East. We can join with other United Methodists and people of faith to
19 help support renewal, human rights and justice.

20 In 2010 a massive, popular movement of uprisings, revolution and change spread around many
21 countries in the Middle East. People in the Middle East were upset with harsh dictators, ineffective
22 governments and failing economies, with many people experiencing crushing poverty. With many
23 protestors world-wide using non-violent actions, people hoped to change the status quo, but with
24 limited or little success over these 4 years.

25 Another critical human rights issue arose in the summer of 2014, the war between Gaza Strip and
26 Israel, called Operation Protective Edge, for 7 weeks in July-August. The number of Israeli killed were
27 66 soldiers and 6 civilians, with 469 soldiers and 87 civilians wounded. The number of Gazans killed
28 were 2,310 (including 513 children) and around 10,800 civilians were injured. The UN calculated that
29 520,000 Palestinians were displaced (30% of Gazan population). The UN calculated that more than
30 7,000 homes for 10,000 families were razed, and another 89,000 homes damaged. Rebuilding costs
31 were calculated to be 4-6 billion dollars, over 20 years.

32 The current situation in the Middle East seems to have stalemated or reversed to even worse. In
33 2014 we have witnessed failure in the several Middle East countries, which has led to the rise of an
34 extreme terrorist group, ISIS/Islamic State of Iraq and al-Sham. This is a complex situation (footnotes
35 1 & 2). We urge our U.S. and world leaders to carefully explore appropriate actions that will
36 eventually help to end the ISIS conflict. We support funds for rebuilding in Gaza. We call on our
37 nation and other nations to work carefully together. We call upon United Methodists and other
38 people of faith to work for peace, to help change policies for the better and to improve human rights
39 for all people. United Methodists still believe war is not the answer.

SUPPORTING INFORMATION

What will this action accomplish?

People will be reminded to work for human rights, justice and peace in the Middle East region.

Why is it important?

The current ISIS/Islamic State of Iraq and al-Sham terrorism is a new threat in the Middle East. And the situation in Gaza/Palestine/Israel is a critical situation.

How will it be carried out? By whom?

United Methodists in America and around the world must support peace efforts in these critical situations. Activism by individuals in the U.S. must be carried out, to influence our leaders to make changes for justice, human rights, and peace.

How much will it cost? Where will the money come from?

Cost for staff time and pages in journal. Being involved in activism cost very little, except in time and effort.

THIS PETITION IS: A NEW STANDING RESOLUTION

LEGISLATIVE ASSEMBLY RECOMMENDATION: YES 22, NO 1, ABSTAIN 0

We support a call for all Oregon-Idaho United Methodist boards and agencies, districts, local churches and individuals to prayerfully consider avoiding companies involved in Israel's occupation of Palestine when making investment decisions; and

Encourage United Methodists to partner with Jews, Christians, Muslims and other people of conscience working for corporate accountability, human rights, true peace and security for all people in Israel and Palestine, and an end to the Israeli occupation of Palestine.

SUPPORTING INFORMATION

What will this action accomplish? The United Methodist Church unequivocally affirms Israel's right to exist within internationally recognized borders, and to defend its security through all legal and moral means. Divestment is not aimed at Israel itself, but at the continued occupation of land beyond its internationally recognized borders.

Thirteen annual conferences (Baltimore-Washington, California-Nevada, California-Pacific, Detroit, Minnesota, New England, New York, Northern Illinois, Pacific Northwest, Rocky Mountain, Upper New York, Virginia, and West Ohio) have already passed divestment resolutions, as have other Protestant denominations (notably the Presbyterian Church in 2014). This resolution will demonstrate that we stand behind the principles of Social Justice in the United Methodist Social Principles and Resolutions, and is in keeping with our calling to stand with Christians across the world, including Palestinian Christians, who have urged Christians everywhere to put their actions behind their words and to support Boycotts, Divestment and Sanctions.

Why is it important? As Christians, we are called by Jesus to be peacemakers. The Jewish, Christian and Muslim communities affirm the teaching as summarized by Moses and quoted by Jesus, "Love the Lord your God with all your heart and with all your soul and with all your mind." This is the first and greatest commandment. And the second is like it, "Love your neighbor as yourself." (Matthew 22:37-40). We honor Micah's call in the Old Testament to do justice, to love mercy and to walk humbly with our God, and we follow Christ's call to love our neighbors as ourselves, by rejecting all violence and acts of provocation

that lead to violence. All peoples have the right to security, and yet security for one people can never be achieved by denying security to others.

As Christians, we are called to be in fellowship with the body of Christ both near and far. The Christian leadership in Palestine and Israel have been working for years to (1) dissuade their people from using violence in response to oppression, and (2) finding effective non-violent means by which to achieve justice. They have asked us, as Christians, to take the step of divesting. Jesus calls us to be peacemakers and to use the instruments of peaceful persuasion. As United Methodists, we are called to support members of Christ's church around the world, including Palestinian Christians who are being forced to leave the Holy Land, due to Israel's confiscation of their property and the severe hardships of living under occupation. The United Methodist Church should not profit from the illegal Israeli occupation of Palestinian land, or from the confiscations and/or destruction of Palestinian homes, orchards and lives. We are committed to ensuring that our denomination's finances are used in a manner consistent with Christ's teaching, our beliefs, and international law.

The UMC Book of Discipline discourages investment in companies "that directly or indirectly support the violation of human rights." ¶716) Palestinian human rights are violated by companies that sustain illegal settlements, segregated roads, checkpoints, the separation barrier, home demolitions and other realities of the occupation. **Caterpillar** provides Israel with militarized bulldozers and earth-moving equipment, which are used to uproot olive groves, demolish Palestinian homes, construct settlements and build segregated roads and the separation barrier. **Motorola Solutions** provides surveillance systems for Israeli settlements, military bases and the separation wall, as well as communication devices for the Israeli military. **Hewlett Packard** owns Electronic Data Systems, which provides biometric monitoring of checkpoints inside the West Bank. **HP** also provides data storage for settlements, and manages information technology for the Israeli Navy. United Methodists and our ecumenical partners have engaged these companies on this issue for years, with no meaningful response. Because of the failure of these companies to change their practices in response to our repeated advocacy, it is now time to give prayerful consideration to our continued investment in them. There may be other companies engaged in similarly unjust practices, as well, and we should identify these companies and consider our investment of church monies in them if they do not change these practices after a suitable period of engagement.

How will it be carried out? By whom? The Oregon-Idaho Holy Land Task Force will work with the Conference Benefits Office and the Northwest United Methodist Foundation to encourage boards and agencies, districts, local churches and individuals to review their investment portfolio with an eye to divesting from and/or refusing to invest in these and other companies that are profiting from the illegal Israeli occupation of Palestine. The Holy Land Task Force will further identify opportunities for individuals, congregations and districts to partner with those working for corporate accountability, human rights, true peace and security for all people in Israel and Palestine, and an end to the Israeli occupation of Palestine.

How much will it cost? Where will the money come from? No additional cost except for the cost of compiling and publishing the journal.

11
12 *Whereas* the General Board of Pension and Health Benefits (GBOPHB) manages more than \$21 billion
13 in assets on behalf of United Methodist clergy, staff, agencies, churches, and other institutions; and
14 *Whereas* The United Methodist Church has acknowledged the risks of fossil fuel dependence for the
15 last 35 years through its Energy Policy Statement in the *Book of Resolutions* para. 1001; and
16 *Whereas* the investment policy goals of The United Methodist Church as outlined in the *Book of*
17 *Resolutions* para. 4071 include investing in corporations, companies, institutions or funds making a
18 positive contribution to the realization of the goals outlined in the Social Principles and the *Book of*
19 *Resolutions*, and exclude investing in companies that violate church values; and
20 *Whereas* the Social Principles state that climate change will bring “severe environmental, economic,
21 and social implications,” which will “disproportionately affect individuals and nations least
22 responsible for the emissions;” and
23 *Whereas* the GBOPHB maintains significant holdings in petroleum and natural gas companies; and
24 *Whereas* while shareholder advocacy can be effective in pressuring industries to change practices, it
25 cannot change petroleum and natural gas companies’ core business model, which is to produce
26 petroleum and natural gas; and
27 *Whereas* fossil fuel companies are spending up to \$600 billion each year to seek additional reserves
28 while governments worldwide spend another \$600 billion each year subsidizing their consumption;
29 and
30 *Whereas* the processes and byproducts related to the extraction of petroleum and natural gas are
31 damaging to the health of people who work in these industries as well as those who live on or near
32 extraction sites; and
33 *Whereas* the extraction and burning of petroleum and natural gas exacerbates climate change
34 putting at risk the future livability of our planet, and
35 *Whereas* limiting the warming of the earth to 2-degrees Celsius, the internationally agreed upon limit
36 for human survival, requires that the vast majority of the world’s fossil fuels be left in the ground;
37 and
38 *Whereas* avoiding the worst impacts of climate change urgently requires a transition to sustainable
39 clean energy; and

GENERAL CONFERENCE PETITION GC03

2015 OREGON-IDAHO ANNUAL CONFERENCE

1 *Whereas* United Methodists live and serve on the front lines of disasters like Hurricane Sandy,
2 Typhoon Haiyan, prolonged droughts, devastating floods, massive wildfires, and other extreme
3 weather events, which will increase in frequency and severity with climate change; and
4 *Whereas* continued investment in petroleum and natural gas companies undermines The United
5 Methodist Church's ministries to the most vulnerable among us—including those who are hungry,
6 sick and/or living in poverty; and
7 *Whereas* continued investment in petroleum and natural gas companies signals a grave disregard for
8 the lives of young people;
9 **Therefore, be it resolved** that the General Conference of The United Methodist Church petitions the
10 General Board of Pension and Health Benefits of The United Methodist Church to adopt the following
11 policy: Investments shall not knowingly be made in any company or entity whose core business
12 activity involves the production of petroleum or natural gas. Core business activity refers to a
13 company's primary, or central focus of activity and is an essential element in the company's
14 economic success. A "core business" is one that accounts for 10% or more of a company's revenue
15 derived from the objectionable products and/or services.

SUPPORTING INFORMATION

What will this action accomplish?

19 This action will signal that The United Methodist Church recognizes that its churches are on the front
20 lines of climate change around the world, and that it is wrong for the denomination's pension fund
21 and ministries to be funded through profits from the fossil fuel companies that are wreaking havoc
22 on God's creation.

24 Despite common belief, General Conference does not have the legal authority to direction the
25 actions and dictate policies of the pension board. General Conference isn't a fiduciary and it can't be
26 sued, so its actions related to creating investment guidelines don't carry significant legal risk. But the
27 pension board is a fiduciary--it has a legal and ethical responsibility to protect pension investments,
28 and as such, it can be sued by plan participants who believe its policies fail to meet its
29 responsibilities. Because this kind of lawsuit created real problems in the ELCA, the pension board
30 has a history of fighting against General Conference legislation that attempts to direct its investment
31 policies.

Why is it important?

34 Continued investment in fossil fuels undermines The United Methodist Church's ministries with
35 people around the world, particularly those who are young, old, sick, hungry and/or living in poverty.
