

# Unit Partner Program

The Unit Partner Program personalizes the connection of United Women in Faith by giving local units contact with district leaders. It increases communication through updates on events and program emphases and provides a channel for units to share information and questions with their Unit Partner.

In this packet you will find a sample letter for you to personalize and send to the unit president as way of introducing yourself and to start plans for your visit. Rather than making suggestions as to the information you can provide, find out what the president believes would be helpful for her unit members. Here is a list of what you might be asking to provide:

- Inform the unit of district and conference United Women in Faith programs
- What are resources that are available and where to locate them
  - Daily Prayer Calendar
  - Facebook Page
  - Program Book
  - Website Information
  - Mighty Network
  - District Newsletter
  - Response Magazine
  - Reading Program
  - Legacy Program
- Explain the five Channels of Giving and where the money goes
- Listen and carry the concerns and suggestions from the units back to your District Leadership Team

Following your visit:

- Follow up with a written thank you note or perhaps an email thanks
- Respond to any questions you promised to follow up within two weeks even if it's to let them know you need more time
- Complete the follow-up form that goes to each member on your District Leadership Team
- If necessary, share concerns or highlights of your visit at your next district meeting
